### JAIME'S CORNER

On behalf of my queen Rachele, our dedicated and hardworking **JJMI** and **Healing Music** team, Evelyn, Kim, Heather, Glenn, Nelson, Kristi, Elias, Janelle, and Darlene, as well as our puppy Aria, I want to wish you, your family and loved ones a blessed FALL, and for us all to come closer to Jesus Christ, our Lord and Savior!

My encouragement today comes from part of Romans 8:28: "And we know that all things work together for good, for those who love God...". I believe that verse, but for many years, I didn't understand it. I would pray and ask God "how can it be that all things work together for good if I'm going through such a difficult time, or someone close to me has experienced this tragedy?" As time went by, the Lord showed me that this verse doesn't mean that everything is ALWAYS going to work the way we hope, want or plan. But in the end, and the end of a situation may be 30 minutes from now, or 20 years from now, we will see and understand that everything works out according to God's perfect will! Just 2 days ago, my father had open heart surgery. For years he had felt a bit weak and with diminished energy. When he visited the doctor, he was told he needed more rest, or exercise, or to eat healthy (this was told to a man who was an athlete, gymnast, weightlifter and

martial arts expert for many years, and is vegetarian, eating mostly raw foods and vegetables). Well, a few weeks ago he went to a new, young doctor, and immediately she pinned the issue: a leaky valve. They tried to repair it using the least invasive procedure, but the valve needed replacement. Had “Pipo”, as my sister and I have called our dad all our lives, not persisted, he may not have been alive much longer. The surgery was a success, by the grace of God, and today he was moved out of the ICU and to a regular patient room as he continues to recover. Please keep him in your prayers, and let us continue to put our trust in our all-powerful, all-knowing Heavenly Father that loves us SO MUCH!

In July, we had our second annual Healing Music Festival. This year we had 4 concerts from Thursday night to Saturday night. We started off with The Isaacs ([www.theisaacs.com](http://www.theisaacs.com)), followed with Message of Mercy ([www.messageofmercy.org](http://www.messageofmercy.org)) and finished with the Freedom Singers ([www.freedomsingers.com](http://www.freedomsingers.com)) and Legacy Five quartet ([www.legacyfive.com](http://www.legacyfive.com)). I encourage you to visit their websites and learn about these groups and musicians, who are all dedicated Christians with a passion for sharing God’s love through music and testimony.

There is so much I could say about these artists/groups, because many of them I know well. But I would like to share just a little about each group:

1- **The Isaacs**. Lily Isaacs is the founder of this talented family group. Her mother was a survivor of the Holocaust. They have a powerful story they share.

2- **Message of Mercy**. This is a group of music-loving, passionate ladies from the greater Chattanooga area. Our very own Kim is a founding member of the group, and when the group heard we were going to have our second **HMF** (Healing Music Festival), they *volunteered* to have their 20th Anniversary reunion concert as part of the Festival, to help us. Yes, they didn’t charge us a penny! In fact, several of the group members have donated generously to our “Hope Through Music” program, which is why we do **HMF**.

3- **Freedom Singers**. I have known these guys for several years, and they have a powerful testimony. Simon Ivascu, the founder of the trio, invited me to their “Freedom Festival” 3 years ago, and as a result of seeing what they are doing, I was inspired to start **HMF**.

4- **Legacy Five**. This is one of the top Gospel quartets in the world, and their co-founder, and leader, Scott Fowler has invited me to some of the huge events he puts on. I don’t mind telling you that, after seeing and hearing about our “Music Through Hope” project, Scott did something amazing: on behalf of the group, he made a considerable donation to **Healing Music**. Thank you, Scott, and Legacy Five!

Below are some of the pictures from the concerts, as well as the participation of some of the precious students in our “Hope Through Music” program. Last year, during **HMF**, I promised that, if our partners and supporters helped us get this project off the ground, this year we would have some of those children in our program participate. All of the artists were more than willing to accompany (yes, world-class, Grammy-winning artists) these wonderful young violinists as they performed during each concert. We praise the Lord for the way He is blessing our program! And our teacher/instructor Janelle is doing a fantastic job. I don’t know if we’ll be able to, but our desire is to expand our program to 20 children (from 10) this year. Please pray for us!

I also need to mention a couple other things: 1- the families of the children are so grateful to see the impact this program is having that one of the grandmothers made a contribution to help keep this going. Also, Janelle took some of the students “busking” in Chattanooga last week, and one of the students decided to donate all the money she made to our “Hope Through Music” program, instead of keeping the money for herself! She wants this program to continue. Aren’t these precious?!

The last thing I want to share with you is something that I have been desiring to accomplish for a LONG TIME! At almost every concert, parents and young violinists ask me the following question: “do you have the sheet music for the songs you play?” Because the musicians/arrangers/producers I’ve worked with are so talented, there’s never been sheet music written out for our arrangements, and that includes the violin solos. But after YEARS of wanting to do this, and with the expert help of Dr. Adriana Perera, Chair of the Music Department at Andrews University, we have finally completed, and are thrilled to release (and announce) for the first time that we have sheet music for violin and piano for our album **Rock of Ages, Simply Classic Hymns Volume 5**.

We spent hours upon hours upon hours going back and forth to make sure that every note, fingering and bowing was exactly the way I play it in the recording. This thrills me because there is very little resource out there, by way of sacred sheet music, for young people to be able to use. So this will make it possible for anyone interested to be able to glorify God playing these old hymns and spirituals. The music, along with our accompaniment tracks

are available through our website. Here's the link: <https://www.jaimejorge.com/downloads/sheet-music/rock-of-ages-full/>

Now young people can own an excellent violin (see our Featured Product below) **and** play marvelous Christian music!

May God continue to bless and use you as you serve Him in this sin-sick world we live in. May His light shine upon us so we can reflect Christ to others!

With love,

Jaime, Rachelle and Aria

### **GUEST MESSAGE**

Dear Jaime,

I first met you when you gave a concert for our church camp meeting and was totally awed by the Gift that God had given you! I fell in love with your gift and purchased your first autobiography, "*No More Broken Strings,*" as well as several of your CDs! That book was so good! I enjoyed learning about your life and how God was most definitely working in it! I could not put the book down until I had finished it! A few years later you came to the church

where I was a member and I was taken into another world, yet again. You see, I LOVE music... many kinds and types! Music is my escape and refreshment.

It was about 10 years later you returned to present your Christmas concert at our church. Once again, I was transported into the 'world' of music! That place where I often slip into to relieve stress, work out problems and to seek the Lord through music. God was sending His music from Heaven down to my ears and my heart through the talent that He had given to you! How I was translated once again into Heaven for that hour!

Then, it was December 6, 2014. You were returning to our church again! I was SO excited! I was Evelyn's contact here when she was setting up that concert date for you. Over the years, I had observed how you preferred the platform to be set up and that is what I did in preparation for your concert. Upon your arrival, I greeted you at the door and introduced myself and shared with you that everything was set up and ready for you. And... the concert transported me once again through those talented fingers and your interpretation of that Heavenly Music!

Five days after the concert, my local pastor, who had been a medic in Vietnam, saw me and told me that I was very ill and that I was septic asking me when I would be seeing my doctor. The next day I saw my family doctor and was instructed to go straight to the hospital emergency. Six days after that concert, I was admitted into the hospital! I had no idea that I was as ill as I was, I had had no pain or anything else to indicate to me that something was wrong. I had been losing weight, but then I was happy about that! When the doctors saw me and took some tests they gave me the news. "You are VERY ill. You will have to make some very important decisions and make them quickly! You might have 24 hours left to live!

When I was left in my room, I went directly to my Heavenly Father and talked to Him! I asked Him to take my life and do with it what He wished. I asked that He live inside of me and let those who were taking care of me there at the hospital to see HIM and not to see me! Let YOUR will be done in my life, Lord!

As I lay in the hospital bed, a peace came over me as to what I was to do. I was to have surgery. But, while I lay there, I was remembering you, your Heavenly Music that means so much to me and the friendship that we had formed over the years. You were, as well as God's music, was playing in my head consoling me and giving me strength to meet the challenge that was ahead of me!

Thank you, Jaime, for your inspiration as a friend, through the music that was so inspired and God's Gift that you have chosen to use for Him! Through your talent, many will be given peace in their life, they will be brought a

'little bit of Heaven' here on this earth through the music, and best of all... there will be lives changed and will be led to the Lord through that talent and you will be able to meet those individuals *'When We All Get to Heaven'*!

God Bless you, Jaime, my friend.....

As ever, I remain,

Majiel Gibbar

Jaime,

I want to let you know how much your ministry at Anderson First Church meant to me. I have been very stressed by some family issues during this season but those stresses have been eased by the music and testimony that you shared. God bless you as you use your wonderful talent to encourage others to put their trust in God in all things.

I hope that I will be able to hear you in concert again.

Blessings,

AP

Dear, Dear Jaime,

Words cannot express our appreciation and deep thanks for the time you took out of your incredibly busy schedule to visit Mother in her home yesterday afternoon. She will NEVER be the same! Your visit was so inspirational, so generous, and so very genuine that my mother in law has not stopped talking and being in "utter shock" that you were actually in her home. Your beautiful and loving character goes beyond simple kindness and courteousness. You "live" what your ministry is all about— and God's Love exudes from your being. Your visit has added a few more years to Mother's life (LOL!! 😄)

😄😄), and she will NEVER forget your visit to her home.

We too, will not forget the kindness and love you have shown to Mom D when your travel and concert time were of the essence. We hope the end-of-

the-day traffic in Cincinnati didn't cause too difficult a time for you to reach your next destination. You are a dear soul, gracious beyond measure. We are so grateful and so appreciative of your unbelievable gesture to visit mom. F's sister was also spellbound and has yet to awaken from the incredible reality that you were indeed visiting, playing, and conversing with them in their home! Awakening this morning, both mom and sis still cannot contain themselves with such joy, excitement, happiness—blessed to have met you on a personal note and loving kindness of your gesture will carry them through life's future.

Blessings and abundant thanks to you, dear Jaime! We look forward to seeing you in 2018 on the Holy Land Tour, when we can thank you appropriately with warmth of hugs! 🤗🤗🤗🤗🤗🤗🤗🤗🤗🤗🤗

Our thanks beyond measure, 🙏🍫😊🤔🤔🤔🤔🤔

Hi Jaime, just wanted to quickly say that I so enjoyed your devotional "*Notes from the Violin Case*". Truly caused me to think about how God is at work in my life, how He uses music and how He wants us to relate to the world around us. Thanks for putting down these thoughts and vignette combinations. God is blessing you in ministry!

Jaime,

I was on-call to handle the needs of our hospice patients. I prayed, asking God for a pain-free day of peace for our patients and their families. I didn't get a single call for the 12 hours I was working, and the nurse following me only had 2 minor, pain-free calls. Praise God!

So I pledged a dollar amount for every hour that I was on, and there were no calls! When asking God where to send it, your name popped into my head. Your music brings peace and healing. Please continue sharing Jesus so others may experience the peace and healing!

Sincerely,

SA

Dear Jaime and Rachelle,

Just when you think things cannot get better, they do!! Having the two of you at First United Methodist Church, Malvern last Sunday was the culmination

of much eager anticipation and many prayers. Everyone to whom I have spoken was positively spellbound during your concert and (both) your witness. Thank you and thank God for sending you and Rachelle into our lives. Brother Bruce found two new friends, and all who dined with you felt a special connection, and were honored by the “private” concert. PLEASE COME BACK NEXT YEAR!! Adrienne is still floating on air, and will be for days to come. I pray that your mission work will be greatly blessed and that angels will accompany you where ever you go. As Adrienne comes down from the clouds, we will visit and pray for your continued spreading of the love of Christ. Thank you guys for all you do for mankind. My love to you both.

I am beyond excited to offer a line of quality and reasonably priced Signature Series violins and accessories! For years, one of the most frequent questions I get from parents is “where can I obtain a quality instrument for my son/daughter at a reasonable price”? Since I have had the same violin for 30 years, and I don’t have the need for anything other than a full-size violin, I have struggled to answer that question.

At the conclusion of a concert a few months ago, someone suggested the idea of starting a private label of quality violins at affordable prices that just about any family can afford for their young violinist. I loved the idea, and thus began my search for a top-notch company to work with, that could help me provide exactly the type of violins that I can stand behind: 1- instruments that I can have full confidence in their quality, and 2- I can be honored and proud to put my name on.

After many hours of searching, communicating with a number of different companies, evaluating and playing instruments, I found what I was looking for! We have carefully chosen 4 different violins, all impressive in their sound, workmanship, quality, attention to detail, and presentation. I am beyond confident that any of these violins you choose will not only be an excellent investment, but also motivate your son/daughter/grandson/granddaughter, family member or friend to continue to practice and develop their talents for God’s glory.

If you know a young person looking for a good instrument, please let them know! For more details, visit: [www.jaimejorge.com/product-category/jaime-jorge-signature-series/](http://www.jaimejorge.com/product-category/jaime-jorge-signature-series/)
